Compatriots,

It looks as though the "powers-to-be" in our government has voted to send us a stimulus check to help the American people to (fill in the blank). I'm sure there are some of our members that need these additional funds to get by, after losing time at work. However, I would like to give others, a majority, I hope, something to consider.

A few months ago, I mailed a letter to all our members to consider donating to our National Confederate Museum. About a thousand of you have stepped up and contributed. I thank you for that. Now, most of us are getting a check we had not planned on. I ask you to consider donating at least 20% of your stimulus check to our museum.

I'm just an old government retiree, but I wouldn't ask our members to do something I wouldn't do myself. I plan to donate more than 20%. Just think, this museum could be paid off before we go to our National Convention in July.....and remember, all donations are tax deductible.

Please give this some serious thought. Also, since the percentage of our membership that receive the Telegraph is small, I ask that the leadership in all divisions share this message.

Thank you for your consideration in this matter.
